# Model of Care Training

- Model of Care training is a CMS requirement for any provider that treats SNP members to be completed annually.
- Newly contracted Medicare providers should complete within 30 days of execution of contract.
- Model of Care information is available at [CMS.gov/training-education/medicare-learning-network-mln/resources-training/mln-web-based-training](https://www.cms.gov/training-education/medicare-learning-network-mln/resources-training/mln-web-based-training).

The screenshot shows the CMS.gov website page for MLN Web-Based Training. The page header includes the CMS.gov logo and navigation links for Medicare, Medicaid/CHIP, Marketplace & Private Insurance, Initiatives, and Training & Education. The breadcrumb trail indicates the path: Training & Education > Medicare Learning Network® (MLN) > Resources & training > MLN Web-Based Training. The main heading is "MLN Web-Based Training". A yellow warning box states: "CMS Doesn't Provide CE Credits. CMS doesn't provide continuing education (CE) credits for Medicare Learning Network® (MLN) web-based training (WBT) courses. We encourage you to contact your organization or other professional entities to explore CE credit opportunities." Below this, a paragraph explains that self-paced training is provided across various topics and advises users to update their web browser to the latest version, specifically mentioning Chrome, Firefox, Opera, or Edge, and warning against Internet Explorer or Edge Legacy. A "Questions?" section provides the contact email [MLN@cms.hhs.gov](mailto:MLN@cms.hhs.gov). The "Available Courses" section lists two courses: "2025 Medicare Part C and Part D Reporting Requirements and Data Validation" (March 2025, 120 min) and "Combating Medicare Parts C and D Fraud, Waste, & Abuse" (July 2025, 30 min). Each course has a list of learning objectives.
